You are a genius! I have just been standing in the dark on the north patio. First night the lights have been on. Looking around is really awesome. The house looks great...the shadows on the walls are fabulous. I would have NEVER thought of the patio being "way out there."

There's some tweaking to do....I have a punch list to go over with both Darrell and Dennis, but basically, we are done. Sculptures are ordered; fountain ordered....and in DC in the Adams Morgan district on Sunday (artsy fartsy area), I got this huge metal chicken sculpture...who knows where it will go, but this is so fun.

Can't thank you enough for all your wonderful ideas. When it gets a little warmer, we want you and Cindy to come, have some wonderful pinot and enjoy.
