

*Dear Jeff:*

*I just read the newspaper article for the third time and the more I read it the more I want to thank you for your help and efforts in getting the award, but more importantly for your very creative design work.*

*You had many hurdles to overcome with the limited space, the historical district, ADA compliance, the City Council changing the property to a professional building and the building department. Your efforts let me retain a portion of the building which is now our kitchen and the back porch roof which allows us to eat lunch outside in nice weather and enjoy the backyard you designed.*

*Your design for the ADA parking and handicapped ramp is brilliant and it keeps the original integrity of the house and neighborhood when other conversions in the area have unsightly handicapped ramps. Your design also allows the handicapped to enter/exit from the front parking lot or the rear which is really unique.*

*I can't thank you enough for keeping the project within budget and on time as it would have cost me an extra 6 months' rent at my other location.*

*I should have written and thanked you earlier, but time just got away from me. You are the "greatest" and I hope we remain good friends.*

*Best regards,*

*Frank Napolitani*
